BANGOR DAILY WHIG AND COURIER.

BY SMITH & SAYWARD. TUESDAY, FEBRUARY 12, 1850. VOLUME XVI.....NUMBER 191.

CAUTION EXTRA

man by the name of [illegible] has engag d with a g man of the name of S P T wnsend and his name to put up a Sarsaparilla, which they Dr Townsend s Sarsaparilla, denominating it GEN F Original etc. This Townsend is doctor and was but was formerly a worker on railroads and the like. Yet he assumes the title of Dr., for the se of gaining credit for what he is not. This is to on the public not to be d and purchase but the GENUINE ORIG NAL O D Dr Jacob nsend s Sarsaparilla, having on it the Old Dr's ess, his family coat of arms, and his signature s the coat of arms

Principal Office, 102 Nassau st New York C y

D DR. JACOB TOWNSEND

THE ORIGINAL DISCOVERER OF T

enuine Townsend Sarsaparilla

f Dr Townsend is now about 70 years of age d ong been known as the AUTHOR [illegible] R of the GENUINE OR [illegible] D SARSAPARILLA [illegible] he was d to l t its manufacture by which means it has kept out of market, and the sales circ m ser ed to ally who had proved its worth, and known its It had reached the ears of many nevertheless e persons who had been healed of sore diseases, saved from death proclaimed its excellence and derful

HEALING POWER

owing many years ago that he had by his skill ce and experience devised an article which would f incalculable advantage to mankind when the ns would be furnished to bring it into universal e when its inestimable virtues would be known appreciated This time has come the means are ed this

AND UNEQUALLED PREPARATION an factured on the largest scale and is called for ugh the length and breadth of the land especially it is found incapable of degeneration or deterioration

like young S P Townsend s, it improves with age, never changes, but for the better because it is prepared on scientific principles by a scientific man. The st knowledge of Chemistry and the latest discoveries f the art have all been brought into requisition n ufacture of the Old Dr's Sarsaparilla The Sarsaparilla root, it is well known to medical men contains medicinal properties, and some properties which inert or useless and others which if retained in aring it for use produce fermentation and acid, h is injurious to the system. Some of the properties f Sarsaparilla are so volatile that they entirely orate and are lost in the preparation if they are not rved by a scientific process known only to those erienced in its manufacture Moreover, these volatile principles which fly off in vapor or as an exhalation under heat are the very essential medical properties f the root, which give to it all its value.

y person can boil or stew the root till they get a colored liquid which is more from the coloring er in the root than from any thing else they can strain this insipid or vapid liquid sweeten with molasses and then call it SARSAPARILLA RACT or SYRUP But such is not the article wn as the

NUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

s so prepared that all the inert properties of the aparilla root are first removed every thing capable coming acid or fermentation is extracted and cted then every particle of medical virtue is secured pure and concentrated form and thus it is rendered pable of losing any of its valuable and healing erties Prepared in this way it is made the most rful agent in the

ure of innumerable diseases

nce the reason why we hear commendations side in its favor by men women and children We d ing wonders in the cure of CONSUMPTION DYSPEPSIA and LIVER C INT and in RHEUMATISM SCR LES COSTIVENESS all CUTANEOUS NS PIMPLES BLOTCHES and all affections ng fr

IMPURITY OF THE BLOOD

possesses a marvellous efficacy in all complaints from Indigestion from Acidity of the Stomach from ual circulation determination of blood to the head tation of the heart, cold feet and hands cold chills hot flashes over the body It has not its equal in s and Coughs and promotes easy expectoration entle perspiration relaxing stricture of the lungs, at and every other part.

t in nothing is its excellence more manifestly seen cknowledged than in all kinds and stages of

FEMALE COMPLAINTS

works wonders in cases of Fluor Albus or Whites ng of the Womb Obstructed Suppressed or Painful es Irregularity of the menstrual periods and the and is as effectual in curing all the forms of Kidney Disease

removing obstructions and regulating the general m it gives tone and strength to the whole body, thus cures all forms of

ervous diseases and debility,

thus prevents or relieves a great variety of other des as Spinal irritation Neuralgia, St Vitus's ce Swooning Epileptic Fits Convulsions &c

cleanses the blood, excites the liver to healthy action tones the stomach and gives good digestion, relieves the bowels of torpor and constipation allays inflammation purifies the skin equalises the circulation the body producing gentle warmth equally all over body and the insensible perspiration relaxes all tures and tightness removes all obstructions and orates the entire nervous system Is not this the

medicine you pre eminently need!

t can any of these things be said of S P Townsend's rior article? This young man's liquid is not to COMPARED WITH THE OLD DR'S use of one GRAND FACT that the one is INCA LE OF DETERIORATION

NEVER SPOILS,

e the other DOES souring fermenting and blowing he bottles containing it into fragments the sour acid exploding and damaging other goods Must not horrible compound be poisonous to the system put acid into a system already diseased with acid t causes Dyspepsia but acid? Do we not all know when food sours in our stomachs what mischiefs oduces? flatulence heartburn palpitation of the , liver complaint, diarrhœa dysentery colic and ption of the blood? What is Scrofula but an acid r in the body? What produces all the humors h bring on Eruptions of the Skin Scald Head Salt m, Erysipelas, White Swellings Fever Sores and cerations internal and external? It is nothing on eaven but an acid substance which sours and thus all the fluids of the body more or less. What is Rheumatism but a sour acid fluid which insinuates itself between the joints and elsewhere and inflaming the delicate So of nervous diseases of the ranged circulations and nearly all the ailments afflict human nature.

is it not horrible to make and sell and infinitely t use this

RING, FERMENTING ACID "COMPOUND" OF S P TOWNSEND

et he would fain have it understood that Old Dr Jacob Townsend s Genuine Original Sarsaparilla is an IMITATION of his inferior preparation

ven forbid that we should deal in an article which d bear the most distant resemblance to S P Townsend's article! and which should bring down upon the r such a mountain load of complaints and crimination from Agents who have sold and purchasers who used S P Townsend's FERMENTING COMPOUND

wish it understood, because it is the absolute truth, S P Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are heaven wide apart and infinitely similar that they are unlike in every particular, ng not one single thing in common

S P Townsend is no doctor and never was, is no ist, no pharmaceutist—knows no more of medicine disease than any other common unscientific unprofessional man, what guarantee can the public have that are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, which are incapable of changes which might render them the AGENTS of disease instead of health.

t what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up a common decent meal. How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

ld know well the medical properties of plants the manner of securing and concentrating their healing ues, also an extensive knowledge of the various diseases which affect the human system and how to adapt edies to these diseases

is to arrest frauds upon the unfortunate to pour into wounded humanity to kindle hope in the despairing bosom to restore health and bloom, and vigor the crushed and broken and to banish infirmity that DR. JACOB TOWNSEND has SOUGHT and ND the opportunity and means to bring his

rand Universal Concentrated Remedy

n the reach and to the knowledge of all who need t they may learn and know by joyful experience its

ranscendent Power to Heal

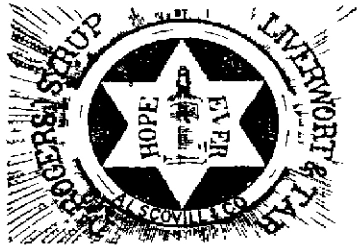
CONSUMPTION CURED!



CANCHALAGUA;

FOR THE CURE OF

Coughs, Colds Influenza, Asthma, Bronchitis spitting of Blood, and all other Lung Complaints tending to

CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above A remedy for the complete cure of all those affections of the Throat and Lungs which, if neglected always end in CONSUMPTION It is not a worthless, catch penny article, made just to sell like many of the common nostrums of the day but it is a strictly scientific Preparation—the original recipe having been furnished by an eminent Physician, (the late Prof Rogers) and that still further improved by one of the present proprietors who is himself a regularly educated Physician a graduate of the University of Pennsylvania It is composed of the choicest articles in the vegetable kingdom most of them of long tried value and established reputation and some of them entirely new particularly the CANCHALAGUA a plant of most wonderful medicinal virtues lately introduced into this country from California The Recipe has been shown to thousands of Physicians who have universally approved of it and will be shown to any Physician who desires to see it upon application either to the Proprietors or their Agents It has been used in multitudes of cases and is strongly recommended by Physicians even Professors in our Medical Colleges, Ministers of the Gospel Judges Lawyers Merchants Mechanics &c —a conclusive proof that there is no quackery or deception about it but that it is a medicine of most uncommon virtue and efficacy

PAMPHLETS

As no ordinary sized advertisement can begin to do justice to the merits of this article the Proprietors have embodied in a pamphlet from the history of this Medicine—the description nature &c of its principal ingredients—the effects they are designed to have upon the human system — [illegible] above all the incalculable amount of good which it has done They design to circulate this pamphlet extensively, but should any one be overlooked, they are earnestly desired to call upon the Agents named below, and procure one gratis The hints on page 7th may be worth to yourself or family THOUSANDS OF DOLLARS and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible

Such being our confidence in its virtues we are willing to warrant the Medicine in every recent case, (if used according to the directions) and where the person is not satisfied that he is not deriving benefit from it by returning the bottle within 24 hour's time,

THE MONEY

will be refunded ☞See page 3d of the Pamphlet

For sale wholesale and retail by A. L. SCOVILL & CO Proprietors at their Principal Office No 65 Warren St, New York to whom all orders for the Medicine and letters relating to agencies, should be addressed post paid

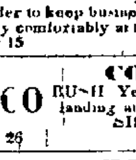
Wilder's Patent SALAMANDER SAFES

90 STATE STREET,
CORNER OF MERCHANTS ROW

Secured against Gunpowder

....AND ...

WARRANTED NOT TO INJURE BOOKS OR PAPERS BY DAMPNESS



THESE are the only Safes (WILDER'S PATENT) that have in every instance preserved their contents when exposed to large fires like the burning of the Tribune printing office in New York and many others too numerous to mention

The above Safes are manufactured and for sale by JOHN E WILDER, Boston and for sale in Bangor at the manufacturers prices, by

FISKE & DALE

☞The Following Letter from the Superintendent of the Maine Telegraph Company is another proof of the superiority of JOHN E WILDER'S Safe over all others —

BANGOR, Oct. 24, 1849

John E Wilder, Esq —

Dear Sir—The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph Office in this city It was in the fire six hours the books and papers were uninjured and the damage to the Safe very slight, although it fell from the second story to the basement of the building The little repairs necessary to the Safe have been made, and we shall not need to return it. It is still as good as new

Respectfully yours, JAS EDDY

Another Life Saved.

Read the following letter from a Clergyman of Camden, Me, to the Editor of the GOSPEL BANNER —

DOWN'S ELIXIR,—A CURE.

BR DREW—being anxious to do good to my fellow beings, as I have means and opportunity, I wish to state, through the Banner, that in my sickness last winter and spring I received very great benefit from the use of N H DOWN'S ELIXIR

I had been troubled some weeks with a severe cold which so affected the vocal organs that it was with great difficulty I discharged the duties of my office My cold continued until I was completely prostrated by bleeding which created a dry, hard cough My appetite failed my strength wasted, and my flesh disappeared Seeing Wistar's Balsam of Wild Cherry recommended in the Banner I procured a bottle and commenced taking it and continued its use until I had taken three bottles when I became satisfied that it contained opium making a large amount of physic necessary, and also constricting the very organs that should be relaxed I used other kinds of patent medicines but with no good effect seven weeks I continued gradually to sink under my disease until the expiration of which time, I was extremely weak my skin dry and husky, and my feet and hands cold most of the time I had a dull, heavy pain between my shoulders and a distressing pain at the pit of my stomach My tongue was coated with a thick, white fur, bowels very irregular and costive hectic fever, night sweats, dry hard cough, difficulty of breathing and low spirits My stomach at this time was so sore and weak that I was with difficulty I could stand erect This was my situation when I commenced the use of N H DOWN'S ELIXIR — And to my great joy, and the greater joy of my friends I found that the use of it a few days had regulated my bowels equalized the circulation and produced a healthy moisture upon the skin I used three bottles in two weeks which entirely removed the soreness and weakness from my stomach gave me a good appetite, and greatly improved my strength I continued its use six weeks using six bottles at which time I was able to resume my ministerial labors I have since recommended it to a large number, and have never known it to fail of doing good where the directions were followed

I have given it to my children in colds and in a case of measles, and it has proved ALL it is recommended to be

I therefore cheerfully recommend N H DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases to which it is recommended Yours truly, J L LUTTER

Camden, August, 1849

Facts deduced from the foregoing letter

1st Down's Elixir is laxative—curing costiveness while other medicine increases that difficulty

2d It is perspirant It equalises the circulation—restores a healthy moisture to the skin, and vigor and tone to the system

3d It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system

4th It cures colds—is an effectual remedy for the measles and proves ALL IT IS RECOMMENDED TO BE!

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietors prices by DAVID BUGBEE G W LADD CURTIS & PERKINS A P GUILD WM MANN, G McFARLAND Bangor, I S Smith J W Curtis & Co Hampden, Chas Johnson, J B Chick, Frankfort, H P Field Bucksport, J Hooper Jr S P Hatch & Co, Castine, R Nourse, Geo Parcher Ellsworth, E P Butler & Co Orono, J & R Fisk H & J Y Richardson, Oldtown, Wm O Poor Belfast, Chas A Macomber, R F Slocomb East Thomaston

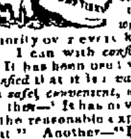
THE VEGETABLE PULMONARY BALSAM

Is the Most Highly Approved and Popular Standard Medicine now in General Use for



THE VEGETABLE PULMONARY BALSAM FOR COUGHS COLDS & CONSUMPTION

COUGHS COLDS AND CONSUMPTIONS Asthma Pleurisy, Phthisic Spitting of Blood Hooping Cough, Bronchitis, and all Pulmonary Affections and Diseases of the Lungs and Chest

It is thus spoken of by eminent Physicians One says — For the above complaints it is superior to any other preparation used " Another— It has been used with wonderful success, and has a superiority over every kind of medicine used " Another I can with confidence recommend it " Another —" It has been used with complete success, and I am satisfied that it is a valuable medicine " Another—"It is a safe, convenient, and very efficacious medicine "— Another—" It has never to my knowledge, disappointed the reasonable expectations of those who have used it " Another—"It is equal if not superior to any other medicine within my knowledge "

Extract from a letter dated Dayton, Ill, April 17, 1849 —" It was first introduced into my family by a celebrated Physician, some ten years ago, and such was the benefit my wife derived from it that we have not been without it in our house since I have also recommended it to at least fifty different persons since, for Affections of the Lungs, and I do not know of a single case in which it did not give immediate relief, and some were cured after being given up by their Physicians "

☞BEWARE OF COUNTERFEITS AND IMITATIONS, such as CARTER'S COMPOUND PULMONARY BALSAM, AMERICAN PULMONARY BALSAM, and others, in part, bearing the name! Enquire for the article by its whole name,

"VEGETABLE PULMONARY BALSAM " and see that it has the written signature of WM JOHN CUTLER upon a yellow label on the blue wrappers. Each bottle and seal is stamped "Vegetable Pulmonary Balsam "

Prepared by REED & CUTLER, Importers and Wholesale Dealers in Medicines Paints Chemicals, and Dye Stuffs, 33 India Street, Boston and sold by Druggists, Apothecaries, and Country Merchants generally. For particulars and recommendations see a Pamphlet accompanying each bottle Price 50 cents

PATENTS.

American and Foreign Office.

AGENCY FOR BUSINESS

With U S. Patent Office

WASHINGTON

NO. 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent of the U. S Patent Office, in accordance with the 10th Sec of Act of '37

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office where by a Patent may be procured about six weeks earlier, he continues to forward them free of expense—to prepare Caveats, Specifications Assignments, and all the necessary Papers and Drawings for Patents, and to render advice or legal and scientific matters respecting the same Patents secured in Europe and other countries

By application at this office inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents They also have the advantage of verbally explaining their inventions, and of consulting in respect to them, matters, in general, of paramount importance in order to obtain correct specifications and claims The experience of sixteen years practice, an extensive collection of rare works decisions &c on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment

R H EDDY Solicitor of Patents

WASHINGTON, JULY 21, 1849.— During the time I occupied the Office of Commissioner of Patents R H EDDY Esq of Boston, did business at the Patent Office as Solicitor for procuring Patents There were few, if any persons acting in that capacity who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office

EDMUND BURKE,
Late Commissioner of Patents

HONEY! HONEY!!

BY BEES FED.

WHO ever supposed that the management of Bees and the making of Honey would be rendered a certain and profitable business? Yet it has been, and can now be done by all wishing to engage in the business

A citizen of this State has invented a mode of treatment by which Bees can be managed without difficulty and at a small expense, honey made at the rate of from three to four hundred pounds per swarm, each season The right of adopting and using this mode has been secured by Letters Patent, and the subscriber has purchased that right for the County of Penobscot, so that he now offers the same to others either by town or individual rights as may best suit purchasers and on such terms as bring it within the reach of all wishing to engage in it

The advantages gained by this Patent, are—

1st, A perfect command of the Bees and a large increase of the swarms, without the trouble of hiving

2d, A full security against the danger of robbing by neighboring Bees

3d, The honey is of a better quality, and much more in quantity per swarm, than has ever been made by Bees managed in any other manner This is done by feeding, as by that means the Bee is not only rendered independent of flowers for his supplies but able to give his whole time to the work of making and storing his honey

4th, The opportunity is afforded of taking the honey at any time without disturbing the Bees

Lastly It furnishes a fine opportunity for all professional men of small salary to make a good addition to their income and to aged persons and persons of feeble health to support themselves independently and that too with little or no labor

Such being the advantages gained by this Patent the subscriber recommends it to the public and assures all wishing to purchase that on trial they will find it answering their highest expectations

His residence is at this place where he will be happy to answer all those who may address him (post paid) on the subject

GREAT IMPROVEMENT IN

Planing, Tongueing, and Grooving Lumber.

JOSEPH P WOODBURY'S

Patent Planing Machine.

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tongueing and Grooving Machine, now offers for sale Machines and Rights to use the same This machine will plane 6,000 feet of boards to any uniform thickness in one hour producing a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane and is peculiarly adapted to planing out clapboards, or weather boarding and will do the work faster and better than any machine heretofore invented This machine is so arranged that it planes the board with an unbroken shaving the whole width and length of the material and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder now in common use The construction and organization of this machine is different from all others now in use Communications for further particulars cheerfully responded to by addressing the subscriber (post paid,) Boston, Mass

One of the above Planing Machines may be seen in operation by calling on the [illegible]

Whig and Courier.

John S. Sayward,—Editor.

TUESDAY, FEBRUARY 12, 1850.

Mr Clay's Speech.

We commence to-day the publication of the speech of Mr Clay delivered in the Senate on the 5th and 6th of February. There is a general desire among the people to read this speech and we shall be compelled to occupy the most of our columns for several days in order to lay it before our readers.

Mr Clay and many of his friends have great confidence in his being able to carry his compromise, but the probability is, we think, that he cannot succeed; but that the best which can be done will be to adopt the suggestion of the President and leave the territories without a specially defined government until they apply for admission as States. If the South pertinaciously insist upon the establishment of territorial governments then they must have the proviso prohibiting slavery. The South means doubtless to get an entering wedge, a concession somewhere and somehow, if possible, which may be available in future acquisitions. Mexico and Cuba are tempting morsels for the future. The outbreak in the South at this session of Congress is not so much as to the territory acquired as to that which is expected; and the determination to have some outlet in the future for the expansion of Slavery, South.

The following sentences were passed by the the Court on Saturday on persons convicted at the present term, viz:

Michael McGuire on three indictments for larceny from Boyd & Jameson, Nath'l Swett; and Wm. James, four years imprisonment in State Prison.

Samuel Gammage on three indictments, for stealing an auger from Levi Cram & Co., a prayer-book from Geo. R. Smith, and a piece of satin from Mrs. Ingraham's rooms, sentenced as a common thief to four years' imprisonment in State Prison.

Elias Cilley, on indictment for stealing from J. W. Hanson, sentenced to one years' imprisonment in State Prison.

George Willard alias William Smith, for larceny of watches from J. H. Ham, one year in State Prison.

Hosea Paul, for larceny from store of Dr. Pomroy, one year in State Prison.

Charles W. Mains, for assault and battery on Jona Seavy, fined $50 and to give bond to keep the peace.

☞ The Canadian correspondent of the New York Tribune states that Lord Elgin has intimated to his friends, that the British Ambassador at Washington has given an assurance to him of the passing of the Reciprocity bill by Congress—that the Southern Congressmen and Senators are so indignant with the North for their anti-Slavery doctrines—that they will carry the question—you can judge best how far the statement is correct. I can however assure you as a fact that the language which I imputed to Lord Elgin, may be relied upon, and inasmuch as both Lord Elgin and Sir H Bulwer are equally hostile to the annexation project, and casting about for means to check the movement. It is but natural to fancy that they would both rejoice if they could secure the sanction of your Government to the Reciprocity bill. Your officials are said to have held out hopes to Sir H. Bulwer, that the measure can be passed this session.

Death of G. W. Ray.

We have before stated that the Ship Edward Everett, of Boston, was at Panama, on the 22d of January, on the way from San Francisco to Boston. She brought down about 100 passengers at $80 per head. She was about 50 days on the passage, and during that time many of them were sick with scurvy and other diseases contracted at the mines, and at San Francisco. Five died on the passage, and a sixth at Panama. A passenger in the ship has furnished us with the names of five of the deceased, as follows: G. W. Ray of Bluehill, Me; Dr Reed of Worcester, Mass; W B Lewis of Almira, N Y.; Wm F Capren, residence unknown; and a sailor named Crook, belonging to Scituate, R. I.— Dr Reed had, it is said, considerable gold. The others each a small quantity. So says the Boston Traveller of Saturday.

☞ Seven American Mechanics were lately induced by an offer of high pay, to stop at Panama and put up a building. Before the building was completed, six of the number were dead. The seventh took passage home in the Empire City, and breathed his last at the moment she dropped her anchor in New York harbor.

Of 541 remittances of money from California, made during the last three months, through the banking-house of Willis & Co, Boston 207 were in favor of women, who have husbands or sons in that country.

At Panama, the lady of Col Fremont met with an accident by falling from the steamer Oregon into a boat, which severely injured her, and caused the detention of Col Fremont.

☞ F. I. Hamlin, Esq., will deliver a lecture before the Mechanics' Association on Friday evening next.

☞ By the last foreign news cotton had advanced a fraction over one eighth penny a pound in Liverpool.

Why is a lady's hair like a bee hive? It holds the *comb*.

"I tell you," says a warm friend of a newly elected senator, to an old sober headed politician, "your party may say what they please, but you cannot deny that Mr C—— is a sound man." "That's jest what we're afear'd on," replied old Beeswax, "it's our opinion that he's *all sound*."

Why is a falsehood often repeated, like a well substantiated truth? It is *relied* upon.

Marrying a woman for her beauty only, is like eating a bird for its singing.

We often censure the conduct of others, when, under the same circumstances, we might not have acted half so well.

CONCLUSION OF THE

SPEECH OF HENRY CLAY

ON THE

SLAVERY QUESTION.

DELIVERED BEFORE THE UNITED STATES SENATE ON WEDNESDAY, FEB. 6.

Mr. Clay. Mr. President, if there be in this vast assemblage of beauty, grace, elegance, and intelligence, any who have come here under an expectation that the humble individual who now addresses you means to attempt any display, any use of ambitious language, any extraordinary ornament or decoration of speech, they will be utterly disappointed. The season of the year, and my own season of life, both admonish me to abstain from the use of any such ornaments; but above all, Mr. President, the awful subject upon which it is my duty to address the Senate and the country, forbids my saying any thing but what pertains strictly to that subject; and my sole desire is to make myself, in seriousness, soberness and plainness, understood by you and by those who think proper to listen to me.

When, yesterday, the adjournment of the Senate took place, at that stage of the discussion of the resolutions which I had submitted which related to Texas and her boundary, I thought I had concluded the whole subject; but I was reminded by a friend that perhaps I was not sufficiently explicit on a single point, and that is, the relation of Texas and the Government of the United States, and that portion of the debt of Texas for which I think a responsibility exists on the part of the government of the United States. Sir, it was said that perhaps it might be understood, in regard to the proposed grant of three millions, or whatever may be the sum when ascertained, to Texas in consideration of the surrender of her title to New Mexico this side of the Rio Grande that we granted nothing—that we merely, discharged an obligation which existed upon the government of the United States in consequence of the appropriation of the imports receivable in the ports of Texas whilst she was an independent power. But that is not my understanding, Mr President. As between Texas and the United States, the obligation of Texas to pay her portion of the debt referred to, is complete and unqualified, and there is, as between these two parties, no obligation on the part of the United States to pay one dollar of the debt of Texas. On the contrary, by an express stipulation in the resolutions of admission, it is declared and provided that in no event do the United States become liable or charged with the debt or liabilities of Texas. It is not, therefore, for any responsibility which exists to the State of Texas on the part of the government of the United States, that I think provision ought to be made for that debt. No such thing. As between those two parties, the responsibility on the part of Texas is complete to pay the debt, and there is not responsibility on the part of the United States to pay one cent.

But there is a third party, who was no party to the annexation whatever—that is to say, the creditor of Texas, who advanced the money on the faith of solemn pledges made by Texas to him to reimburse the loan by the appropriation of the duties received on foreign imports; and he, and he alone, is the party to whom we are bound, according to the view which I have presented of the subject. Nor can the other creditors of Texas complain that provision is made only for a particular part on of the debt, leaving the residue of the debt unprovided for by the government of the United States, because, in so far as we may extinguish any portion of the debt of Texas under which she is now bound, in so far will it contribute to diminish the residue of the debts of Texas, and leave the funds derived from the public lands held by Texas, and what other resources she may have, applicable to the payment of these debts with more effect than if the entire debt, including the pledged portion as well as the unpledged portion, was obligatory upon her, and she stood bound by it. Nor can the creditors complain, for another reason. Texas has all the resources which she had when an independent power, with the exception of the duties receivable in her ports upon foreign imports, and she is exempted from certain charges, expenditures and responsibilities which she would have had to encounter if she had remained a separate Power; for example, she would have had to provide for a certain amount of naval force and for a certain amount perhaps of military force, in order to protect herself against Mexico or against any foreign enemy whatever. But by her annexation to the United States she became liberated from all these charges, and, of course, her entire revenues may be applicable to the payment of her debts, those only excepted which are necessary to the support and maintenance of the government of Texas.

With this explanation upon that part of the subject, I pass to the consideration of the next resolution in the series which I have had the honor to submit, and which relates, if I am not mistaken, to this District.

Resolved, That it is expedient to abolish slavery in the District of Columbia, whilst that institution continues to exist in the State of Maryland, without the consent of that State without the consent of the people of the District, and without just compensation to the owners of slaves within the District.

Mr President, an objection at the moment was made to this resolution, by some honorable Senator on the other side of the body, that it did not contain an assertion of the unconstitutionality of the exercise of the power of abolition. I said then, as I have uniformly maintained, as I contended for in 1838, and ever have done, that the power to abolish slavery within the District of Columbia has been vested in Congress by language too clear and explicit to admit, in my judgement, of any rational doubt whatever. What, sir, is the language of the constitution? "To exercise exclusive legislation, in all cases whatsoever, over such district (not exceeding ten miles square) as may, by cession of particular States and the acceptance of Congress, become the seat of the Government of the United States." Now, sir, Congress by this grant of power, is invested with all legislation whatsoever over the District. Not only is it invested, but it is exclusively invested with all legislation whatsoever over the District. Can we conceive of human language more broad and comprehensive than that which invests a legislative body with exclusive power, in all cases whatsoever, of legislation over a given district of territory or country? Let me ask, sir, is there any power to abolish slavery in this District? Let me suppose, in addition to what I suggested the other day, that slavery had been abolished in Maryland and Virginia—let me add to it the supposition that it was abolished in all the States of the Union, is there any power then to abolish slavery in the District of Columbia, or is slavery planted here to all eternity, without the possibility of the exercise of any legislative power for its abolition? It cannot be invested in Maryland, because the power with which Congress is invested is exclusive. Maryland, therefore, is excluded, and so all the other States of the Union are excluded. It is here, or it is no where.

This was the view which I took in 1838, and I think there is nothing in the resolution which I offered on that occasion incompatible with the view which I now present, and which this resolution contains. Whilst I admitted the power to exist in Congress and exclusively in Congress, to legislate in all cases whatsoever, and consequently in the case of the abolition of slavery within this District, if it deemed it proper to do so, I admitted on that occasion, as I contend now, that it is a power which Congress cannot, in conscience and good faith, exercise whilst the institution of slavery continues within the State of Maryland. The case, sir, is a good deal altered now from what it was 12 years ago, when the resolution to which I allude was adopted by the Senate. Upon that occasion Virginia and Maryland both were concerned in the exercise of the power; but by the retrocession of that portion of the District which lies South of the Potomac, Virginia became no more interested in the question of the abolition of slavery in the residue of the District than any other slaveholding State in the Union is interested in its abolition. The question now is confined to Maryland. I said on that occasion, that, although the grant of power is complete, and comprehends the right to abolish slavery within the District, yet it was a thing which never could have entered into the contemplation of Maryland or Virginia that slavery would be abolished here while slavery continued to exist in either of those two ceding States. I say, moreover, what the grant of power itself indicates, that although exclusive legislation in all cases whatsoever over the District was invested in Congress within the ten miles square, it was to make it the seat of Government of the United States. That was the great prominent, substantial object of the grant, and that, in exercising all the powers with which we are invested, complete and full as they may be, yet the great purpose—that of the cession having been made in order to create a suitable seat of Government—ought to be the leading and controlling idea with Congress in the exercise of this power.

And it is not necessary, in order to render it a proper and suitable seat of government for the United States, that slavery should be abolished within the limits of the ten miles square. And inasmuch as at the time of the cession, when in a spirit of generosity, immediately after the formation of this constitution - when all was peace, and harmony and concord—when brotherly affection and fraternal feeling prevailed throughout this whole Union—when Maryland and Virginia, in a moment of generous impulse and with feelings of high regard towards the members of this Union, chose to make this grant, neither party could have suspected that, at some distant future period, upon the agitation of this unfortunate subject, their generous grant, without equivalent was to be turned against them, and that the sword was to be uplifted, as it were, in their bosoms to strike at their own hearts: thus this implied faith, this honorable obligation, this necessity and propriety of keeping in constant view the great object of cession. These were considerations which in 1838 governed me, as they now influence me, in submitting the reasons to your consideration. Now, as then, I do not think Congress ought ever, as an honorable body, acting *bona fide* in good faith, and according to the nature and purposes and objects of the cession at the time it was made—and, looking at the condition of the ceding States at that time, Congress cannot, without forfeiture of all those obligations of honor which men of honor and nations of honor respect as much as if found literally in so many words in the bond itself—Congress cannot interfere with the institution of slavery in this District without the violation of all these obligations, not in my opinion less sacred and less binding than if inserted in the constitutional instrument itself.

Well, sir, what does the resolution propose? The resolution neither affirms nor disaffirms the constitutionality of the exercise of the power of abolition in this District. It is silent upon the subject. It says it is expedient to do it, but upon certain conditions. And what are these considerations? Why, first, that the State of Maryland shall release the United States from the obligation of the implied faith which I contend is connected with the act of cession by Maryland to the United States. Well, sir, if Maryland, the only State now that ceded any portion of the territory which remains to us, gives to us her full consent; in other words, if she releases Congress from all obligations growing out of the cession with regard to slavery, I consider it is removing one of the obstacles to the exercise of the power, if it were deemed expedient to exercise the power. But it is removing only one of them. There two other conditions which are inserted in this resolution. The first is the consent of the people of the District.

Mr. President, the condition of the people of this District is anomalous. It is a condition in violation of the great principles which lie at the bottom of our own free institutions, and all free institutions, because it is the case of a people who are acted upon by legislative authority, without having any voice or representation in the taxing or legislative body. The Government of the United States, in respect to the people of this District, is a tyranny, an absolute Government—not exercised hitherto, I admit, and I hope it never will be exercised, tyrannically or arbitrarily; but is in the nature of all arbitrary power, because, if I were to give a definition of arbitrary power, I would say that it is that power which is exercised by an authority over a people who have no voice, no representation in the assembly whose edicts or laws go forth to act upon the unrepresented people to whom I have referred.

Well, sir, that being their condition, and this question of the abolition of slavery affecting them in all the relations which we can imagine —of prosperity, society, comfort, peace and happiness—I have required as another condition upon which alone this power should be exercised, the consent of the people of the District. But, sir, I have not stopped there. This resolution requires still another and a third condition, and that is, that slavery shall not be abolished in the District of Columbia, although Maryland consents, although the people of the District themselves consent, without a third condition of making compensation to the owners of the slaves within the District. Sir, it is immaterial to me upon what basis this obligation to compensate for the slaves who may be liberated by the authority of Congress is placed.— There is a clause in the Constitution of the United States, in one of the amendments to the constitution, which declares that no private property shall be taken for public use without just compensation being made to the owner of the property. Well I think, in a just and liberal interpretation of that clause, we are restrained from taking the property of the people of the District, in slaves, on considerations of any public policy, or for any conceivable or imaginable use of the public, without a full and fair compensation to the people of this District. But, without the obligation of any constitutional restriction, such as is contained in the amendment to which I refer—without that, upon the principles of eternal justice itself, we ought not to deprive those who have property in slaves, in this District, of their property without compensating them for their full value.

Why, sir, no one of the European powers, Great Britain, France, or any other of the powers which undertook to abolish slavery in their respective colonies, have ever ventured to do it without making compensation. They were under no obligation arising out of any written or other constitution to do it, but under that obligation to which all men ought to bow with homage—that obligation of eternal justice which declares that no man ought to be deprived of his property without a full and just compensation for its value. I know it has been argued that the clause of the constitution which requires compensation for property taken by the public for its use, would not apply to the case of the abolition of slavery in the District, because the property is not taken for the use of the public. Literally, perhaps, it would not be taken for the use of the public; but it would be taken in consideration of a policy and purpose adopted by the public, as one which it was deemed expedient to carry into full effect and operation; and, by a liberal interpretation of the clause, it ought to be so far regarded as taken for the use of the public, at the instance of the public, as to demand compensation to the extent of the value of the property. If that is not a restriction as to the power of Congress over the subject of slavery in the District then the power of Congress stands unrestrained and that would not be a better condition for the slaveholder in the District than to assume the restriction contained in the amendment. I say it would be unrestricted by constitutional operation or injunction. The great restrictions resulting from the obligations of justice would remain, and they are sufficient to exact from Congress the duty of ascertaining, prior to the abolition of slavery, the value of the property in slaves in the District, and of making full, fair and just compensation for that property.

Well, Mr. President, I said yesterday there was not a resolution, except the first, (which contained no concession by either party,) that did not either contain some mutual concession by the two parties or did not contain concessions altogether from the North to the South.

Now with respect to the resolution under consideration. The North has contended that the power exists under the constitution to abolish slavery. The South, I am aware, has opposed it, and most, at least a great portion of the South, I am aware, has opposed it, and most, at least a great portion of the South, have contended for the opposite construction. What does the resolution do? It asks of both parties to forbear urging their respective opinions, the one to the exclusion of the other, but it concedes to the South all that the South, it appears to me, upon this subject, ought in reason to demand, in so far as it requires such conditions as amount to an absolute security for property in slaves in the District; such conditions as will probably make the existence of slavery within the District coeval and co-extensive with its existence in any of the States out of and beyond the District. But, sir, the second clause of this resolution provides, that it is expedient to prohibit within the District the trade in slaves brought into it from States or other places beyond the limits of the District, either to be sold therein as merchandise or to be transported to other markets.' Well, Mr President, if the concession be made that Congress has the power of legislation, and exclusive legislation, in all cases whatsoever how can it be doubted that Congress has authority to prohibit what is called the slave trade in the District of Columbia?— Sir, my interpretation of the constitution is this: that, with regard to all parts of it which operate upon the States, Congress can exercise no power which is not granted, or which is not a necessary implication from a granted power. That is the rule for the action of Congress in relation to its legislation upon the States, but in relation to its legislation upon this District the reverse. I take it to be the true rule that Congress has all power over the district which is not prohibited by some part of the constitution of the United States; in other words, that Congress has a power within the District equivalent to, and co-extensive with, the power which any State itself possesses within its own limits.

Well, sir, does any body doubt this power and the right of any slave holding State in this Union to forbid the introduction, of merchandise, of slaves within their limits? Why sir, almost every slaveholding State in the Union has exercised its power to prohibit the introduction of slavery as merchandise. It was in the constitution of my own State; and, notwithstanding all the excitement and agitation upon the subject of slavery which occurred during the past year in the State of Kentucky, the same principle is incorporated in the new constitution. It is in the constitution of Mississippi. The State prohibits the introduction of slaves within its limits as merchandise. I believe it to be in the constitution or in the laws of Maryland—in the laws of Virginia—in the laws of most of the Slaveholding States. It is true that the policy of the different slaveholding States upon this subject has somewhat vacillated—they sometimes adopted it and sometimes excluded it—but there had been no diversity of opinion, no departure from the great principle, that every one of them has the power and authority to prohibit the introduction of slaves within their respective limits if they choose to exercise it. Well, then, sir, I really do not think that this resolution, which propose to abolish that trade, ought to be considered as a concession by either class of the States to the other class. I think it should be regarded as a common object, acceptable to both, and conformable to the wishes and feelings of both; and yet, sir, in these times of fearful and alarming excitement—in these times when every night that I go to sleep and am awoke up in the morning, it is with the apprehension of some new and fearful and dreadful tidings upon this agitating subject—I have seen in the act of a neighboring State, amongst the various contingencies which are enumerated, upon the happening of any one of which delegates are to be sent to the famous convention which is to assemble at Nashville in June next, that amongst other substantive grounds for the appointment of delegates to that Convention—of delegates from the State to which I refer—one is, that if Congress abolish the slave trade in the District of Columbia, that shall be cause for a Convention; in other words, it is cause for considering whether this Union ought to be dissolved or not. Is it possible to portray a greater extent of extravagance to which men may be carried by the indulgence of their passions?

Sir the power exists; the duty in my opinion exists; and there has been no time—as I may say, in language coincident with that used by the honorable Senator from Alabama—there has been no time in my public life when I was not willing to concur in the abolition of the slave trade in this District. I was willing to have done it when Virginia's portion of the District was retroceded, that laying south of the Potomac. There is still less ground for objection to doing it now, when the District is limited to the portion this side of the Potomac, and when the motive or reason for concentrating slaves here in a depot, for purpose of transportation to distant foreign markets, is lessened with the diminution of the District, by the retrocession of that portion of Virginia.

Why should slave traders, who buy their slaves in Maryland or Virginia come here with their slaves in order to transport them to New Orleans or other Southern markets? Why not transport them from the States in which they are purchased? Why are the feelings of citizens here outraged by the scenes exhibited, and the corteges which pass along our avenues of manacled human beings not collected in our neighborhood, but brought from distant parts of neighboring States? Why should they be outraged? And who is there, that has a heart, that does not contemplate a spectacle of that kind with horror and indignation? Why should they be outraged by a scene as inexcusable and detestable as this?

Sir, it is no concession, I repeat, from one class of States nor from the other. It is an object in which both of them, it seems to me, should heartily unite, and in which the one side as much as the other should rejoice in adopting inasmuch as it lessens one of the causes of inquietude and dissatisfaction which is connected with this District. Abolish the slave trade in this District; re-assert the doctrine of the resolution of 1838, that by an implied assent on the part of Congress slavery ought not to be abolished in the District of Columbia whilst it remains in the State of Maryland; re-assert the principle of that resolution, and adopt the other healing measures, or similar healing measures —for I am not attached to anything that is the production of my own hand, if anything better should be offered by anybody else—adopt the other healing measures which are proposed, and which are required by the distracted condition of the country, and I venture to say that, as we have had peace and quiet for the last thirty years, since the termination of the Missouri controversy, we shall have, in all human probability, peace for a longer period to come upon this unhappy subject of slavery.

To be continued.

The Rev. Sidney Smith, in speaking of the prosy nature of certain sermons, said "They are written as if sin were to be taken out of man like Eve out of Adam, by putting him to sleep."

In the Rotunda of Oak Hall, Boston is one of the largest and most beautiful assortments of Boys' Clothing, to be found in the country. Ladies, take your little boys there when you go to Boston

RAIL ROAD MASS MEETING
AT EAST CORINTH,
THURSDAY, the 21st of Feburary, 1850.

THE citizens of Penobscot and Piscataquis Counties, interested in the construction of a Rail Road from Waterville to Bangor, over the Northern route, are requested to assemble at East Corinth, on THURSDAY, the 21st inst., at 1 o'clock, P. M., to take measures for prosecuting the survey now in progress on the line of the route, in Somerset County, and to consult upon the course required for an early completion of this great work, which so deeply involves the best interests of this section of our State.

DR. S. P. TOWNSEND'S SARSAPARILLA.
DYSPEPSIA.

No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva, in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla It positively cures every case of dyspepsia, however severe or chronic. If any doubt this assertion, we invite them to read the following indisputable testimony of gentlemen of the highest respectability. If these are not entirely satisfactory, we would be happy to give other reference to some of the first families in the city, who have used it with perfect success in this and other distressing diseases.

A NEW ARTICLE.
BLISS'S COMPOUND COD LIVER OIL CANDY.
For the Cure of Coughs, Colds, Influenza, Hoarseness, Bronchitis, Catarrh, Tickling in the Throat, and all Lung and Bronchial Affections.

THE WONDERFUL curative powers of COD LIVER OIL in all cases of Cough, Colds and Consumption, have been clearly demonstrated by the most experienced physicians in Europe and America. Its peculiar virtues are already too well known to need any description here. The nausea and disgust which many people experience in swallowing the Oil in its usual form of administration is entirely obviated by the discovery of the mode of preparing it in the form of a most AGREEABLE CANDY, possessing and preserving all the medicinal qualities of the Pure Cod Liver Oil without its nauseous and repulsive taste. The powerful curative principle of this Oil being thus retained, and combined with other healing and harmless ingredients, justly celebrated for their efficacy in the above mentioned complaints, forms one of the most soothing Cough Remedies, and remedial agents for staying the advance of Consumption that has ever been discovered. *This Candy* needs but a fair trial to convince the skeptical of its excellence. Public speakers and vocalists will find it an excellent article for removing obstructions from the throat and clearing the voice.

N. B.—Be particular and enquire for "Bliss's Cod Liver Oil Candy," and observe the signature of the proprietor on each package

Prepared and sold by B. K. BLISS, Druggist, sole Proprietor, Springfield, Mass.

The Compound Bloodroot Syrup,

IS above and beyond all Patent Medicines, for the Cure of Lung Complaints, and is the only safe Medicine among all the advertised articles of the day.

It is not drugged up with Opium, or any astringent or injurious substance.

For this reason, the Cough will not abate until the proper time: that is until free expectoration has dislodged every thing of an improper nature, from the Lungs. Then will the Cough cease, the appetite return, the fever disappear, the strength be regained, and nature and the healing qualities of the Compound Bloodroot Syrup will perfect the cure. Be not discouraged, if the first few doses do not immediately stop the Cough, increase the fever, and hurry you at an accelerated pace to the grave, as all Medicines *must do*, which operate solely as an astringent or opiate

Prepared and sold only in Bangor, at
No. 6 Main Street, by
G. McFARLAND, Proprietor.

To Mill Owners.

GENIUS has long been at work to invent some way to save the vast amount of labor and files which it requires to keep gang and single Mill Saws in order Such a Machine has been invented by D Clark, of Lowell, Mass, for which he has received a Patent It has given perfect satisfaction to all who have used it A sample may be seen at the City Mills, North Bangor (so called) or at C & R HOLYOKE'S Store, Brewer

It is recommended to all who wish to avail themselves of such a saving

See the following certificates
J DYER, Agent for Maine.
Brewer, Jan 19, 1850

LOWELL, May 23 1849

To whom it may concern —This certifies that I have used in my Mill during the two past years, one of Clarke's Patent Filing Machines during which time I have realized a saving of labor of from thirty to fifty per cent, besides the saving made in using files which has been equal to that of labor, and from my experience in using said Machine, I can cheerfully recommend it, as in my opinion worthy of the patronage of Mill owners, generally
WM FISKE

BANGOR, June 1st 1849

To whom it may concern —This certifies that I used, last season two, and have now in operation at the City Mills (so called) at North Bangor three of Clark's Patent Filing Machines and believe them to be a saving in labor and files and from my experience cheerfully recommend them as worthy of the patronage of Mill owners generally
JOHN FISKE

Having used during the past year, one of Clark's Patent Filing Machines, I fully concur in the above statement RUFUS DWINEL

Great Cough Remedy!!

AYER'S
CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

This beautiful, agreeable and highly concentrated preparation of the "WILD CHERRY" is now universally acknowledged to be the only effectual cure for complaints of the Lungs and Throat In every case the patient is relieved by its use and in most, if persevered in, is permanently cured

The Formula for which it is prepared has been laid before the Medical Colleges and a large part of the Medical Profession of this country and they have agreed in according it unlimited praise as the most skillful preparation and the most certain known remedy for diseases of the Lungs and Throat

READ THE FOLLOWING FACTS

Dr Brewster of Windham Co Conn, sends us the following testimony

Dr J C Ayer —Dear Sir —I enclose you a certificate from Mrs Catharine K Cady, a highly respectable lady of this village, wife of Mr [illegible] Cady Deputy Sheriff, Windham, Co Connecticut The cure in her case was very prompt, and has attracted general attention W A BREWSTER, M D

West Killingly Ct, Sept 28 1848

This may certify that I was afflicted with a very severe cough in the winter of 47 8, which threatened to terminate in Consumption I had tried many medicines in vain, and was cured by the use of AYER'S CHERRY PECTORAL

DIRECT EVIDENCE

Dr J C Ayer Lowell —Dear Sir —Feeling under obligation to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others [illegible] to a bad cold, accompanied by a severe cough and made use of many medicines without obtaining relief I was obliged to give up business frequently raised blood and could get no sleep at night [illegible] a bottle of your Cherry Pectoral the use of which [illegible] according to directions I have [illegible] the fifth bottle [illegible] and am now recovered [illegible] has ceased and all by the use of your valuable medicine

IMPORTANT

TO OWNERS OF HORSES AND CATTLE

DILLOW'S CELEBRATED HEAVE CURE AND UNIVERSAL CONDITION MEDICINE, is universally admitted to be a sure specific in the following diseases in HORSES and CATTLE *In Horses*— Heaves, Coughs, Colds, Glanders, Horse Distemper, Yellow Water, Worms, Botts, Scurvy and Scab, *In Cattle*—Botts, Staggers, Loss of Cud, Horn Distemper, Black Tongue, Colds, Coughs, &c. On trial these powders will be found to be the best renovating medicine extant for all herbiverous animals, as they operate directly (in smaller doses) upon the secretive glands and humors of the blood, and when horses and cattle are dull and stupid, and while the hair presents a rough and staring appearance, of which they are changing their coat—at such times a few doses will be found indispensably necessary to bring them in to proper condition

☞ Give the article a trial and it will recommend itself

DILLOW'S GREEN OINTMENT,

For Founder, Scratches, Mange or Scab, Diseases of the Feet, Saddle and Harness Galls, Swelled Legs and Grease, and for all cases where a healing ointment is needed

To the Farmer, Dairyman, Wool Grower and Groom this Ointment is an indispensable article—in proof of which numerous certificates of its efficacy could be given, but it is not necessary, as it will stand entirely on its own merits.

☞ For certificates and particulars, see circulars left with agents.

For the Good of the Many.

THE ASTOUNDING REVELATIONS that have been made during the past year of the efficacy and wonderful

Healing Properties

Of the greatest Medicine of Age,

Stanton's External Remedy

—CALLED—

Hunt's Liniment,

Has astonished the world in the cure of numerous and most distressing cases, that have baffled the skill of our most DISTINGUISHED PHYSICIANS, and when they

HAVE GIVEN UP

Their patients as past the help of man HUNT'S LINIMENT has been applied, and the sufferer who has been given up to die has been restored to

PERFECT HEALTH,

A LIFE SAVED.

Most Wonderful Cure of a man 80 years of Age.

In the month of November, 1846, I was attacked with inflammation in my great toe, which soon broke out in a running sore *Mortification ensued* and the first joint of my toe came off At that time I was under the care of the best physician in this county—every remedy had been tried but without any help. The agony of pain I endured no one can imagine the disease ran up my leg to my thigh, and had become so bad that my physician despaired of ever being able to cure me, and after four month's confinement to my bed, finally told me I *must prepare to die*—that as soon as the warm weather set in my limb would mortify and death ensue. I gave up in despair. One of my friends brought me a bottle of HUNT'S LINIMENT, which he said would relieve the pain. I applied it and the effect was wonderful, it seemed as if new life was put in me. In using one bottle the whole appearance of my leg changed to its natural color, the pain left me, and two 50 cent bottles entirely cured me, to the astonishment of myself and the whole neighborhood. *Hunt's Liniment saved my life* I am 80 years of age and make this public that every human being may know the value of this [illegible] medicine

AUGUSTUS BISHOP.

Wallingford Vt Sept 13 1848

We the undersigned, certify that we know Mr Bishop—have witnessed his sufferings, and that his statement is true

F. W KENT,
D H SABIN

Wallingford, Vt Sept. 13 1848.

Extraordinary case of Hip and Spinal Disease

SOMERS, WESTCHESTER CO, N Y, Aug 27, 1848

GENT—It is with pleasure that I make known to you the great benefit I have received from the use of Hunt's Liniment. About four years ago I was injured by a [illegible], in the HIP and SPINE, so badly that I could not move without the aid of Crutches

I grew gradually worse for Four Years, although under the care of two such able Physicians who finally gave up my case as hopeless. My Hip gathered and broke and continued a running sore, and I was suffering with such severe pain that I could not rest or sleep. At this stage of the disease I commenced using Hunt's Liniment, which at once gave me relief. I used about 20 Bottles, during the past year, the sore entirely healed, I am free from pain, and only use a cane in walking. I think the use of your Liniment saved my Life and has made me comparatively a well man. My whole neighborhood can testify as to my sufferings and the cure. Yours truly,

BARNABUS BEADLE.

ENOSBURY FALLS, VERMONT March 19 1849.

SIR—The demand for your Liniment has increased rapidly of late, it has been used with great success in SPINAL complaints. A neighbor of mine was completely disabled from pains in the back, and the use of a large bottle of Hunt's Liniment completely cured him and he is now in his usual health, this is only one of many cases, that I have been cured in this neighborhood Yours &c,

N S DORNIN,

BRIDGEPORT, CONN, August, 1848.

Dear Sir—Please send me about the quantity of a gallon of Hunt's Liniment prepared by you, I have had reason to test its qualities in a case of Spinal Affection and much relief has been obtained from the application to the parts affected.

I consider it a very valuable article for the purpose above mentioned JOHN W. FOWLER.

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any sold. It cures without vomiting, purging sickening, or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success—it has performed within the last five years, more than [illegible] cures of severe cases of disease, at least 15 000 were considered incurable. It has saved the lives of more than 5 000 children during the two past seasons.

[illegible] CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the Side, &c. have been and can be cured

SPITTING BLOOD

New York, Apr 28, 1847

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats and was greatly debilitated and reduced, and did not expect to live—I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM RUSSELL, 65 Catharine st.

RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully,

JAMES CUMMINGS.

FITS! FITS! FITS!

Dr Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham Aug 1st 13 1847

DR. TOWNSEND—Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness — It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period *may be delayed for several years by using this medicine*. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth — in Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, or mutilates its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flushes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females, &c, &c* and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c. are injurious to females, as they aggravate disease, and undermine the constitution

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most of obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with bad sores; have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN, 106 Wooster st

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market. H P PULING, M D.,
J. WILSON M D., R B BRIGGS, M.D.,
P E ELMENDORF, M D.

Albany, April 1, 1846

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are, worthless imitations, and should be avoided

An Invaluable Remedy

FOR Fever Sores Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases. Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns, Warts and Common Sores, and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All-Healing Ointments" and "Panaceas" that are now advertised as the "*most effectual*" and "*certain cures*" for all diseases indiscriminately, to which man or animals are subject

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit, as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all-healing properties

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue. But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated, we do not and shall not call to our aid the empty "*puffing of the Press*," or the "bought certificates" of individuals, and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties. To say less, were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates —

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee. After using many remedies without success I applied some Salve obtained of Mr A. M. McKenny and continued its application until I had used six bottles which entirely cured me and I have had no return of the disease since. I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SLAVLY

Dexter, (Maine) May, 1846.

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 14 oz of JONATHAN McKENNEY'S SALVE, which effected an entire cure in less than two months SIMEON MARSTON

Gray, May 11, 1845

BANGOR June 5, 1846.

Mr. McKenney —In going into the woods in the autumn of 845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed to my great satisfaction, that it was an invaluable article. I also made application of it in cases of Cuts Sprains and Bruises upon my cattle, and found it equally beneficial. It can truly be called the All-Healing Salve

LYSANDER STRICKLAND.

White's Hair Restorative:

A PURELY VEGETABLE COMPOUND

For Restoring Beautifying Cleansing Softening, and Dressing THE HAIR

THIS elegant preparation is fast taking the place of all other articles in use for restoring and dressing the Hair. It prevents the Hair from falling off, promotes its growth, removes dandruff, and restores the natural and luxuriant growth of the Hair in all cases of baldness. It also removes pain and heat in the head, and is a sovereign remedy for all diseases of the scalp. It gives the Hair a brilliant glossy lustre a silken texture, and a healthy, vigorous appearance. No Lady's toilet can be complete without this indispensable article

RECOMMENDATION.

[Certificate of Dr. Perry, Portsmouth, N H]

PORTSMOUTH, Sept 29, 1849

Mr. J. P. MORSE, Agent for "White's Hair Restorative".

Dear Sir—I deem it my duty to state some facts respecting the inestimable value of White's Hair Restorative. Several years ago, after a severe fit of sickness, my wife lost all of her hair, the scalp appeared diseased, and, the hair grew out harsh, and uneven. About a year ago, by another fit of sickness, she lost all her hair a second time, and for a long time there was apparently no action in the scalp. After various applications I was induced to try the above mentioned Restorative, and now after the use of a few bottles her hair has grown out as thick, as lustrous, and of as beautiful a color as ever. Furthermore, for a long time I have been afflicted with neuralgic and other pains in my head, and I have found it the best external remedy I have ever tried, I can therefore cheerfully recommend it to all who are afflicted as above, as the best article I have ever seen.

Most respectfully yours, &c.,

A. PERRY, M. D.

Manufactured by E WHITE, Lowell, Mass

Sold wholesale and retail by LADD & INGRAHAM,—and retail, by SARGENT & EMERSON, A. P GUILD, and D BUGBEE, Bangor.

SCROFULA

If thousands of Cures of Scrofula, Cancers Syphilis and other impure diseases of the Blood—and if the very SMALL QUANTITY which was used of a Medicine to effect Cures of such Diseases is any proof of the purifying medical power in the Medicine which has subdued and conquered such Diseases—then there is unquestionable evidence that—

BRANT'S INDIAN [illegible]

is such a Medicine, in every respect, and there is abundant proof in *great cures* effected that ONE BOTTLE of it contains *more* purifying healing virtue and *medical power* than there is contained in *Four Bottles* of any *sarsaparilla*, or any *other medicine* that has ever been offered for sale. There is undoubted proof in our pamphlets that by the use of this great *Indian Purifier* they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK SCROFULOUS and otherwise diseased have been HEALED and CURED

Hundreds—Thousands—

who have used BRANT'S PURIFIER after having used and tested ALL the *sarsaparillas* and other medicines recommended to cure blood diseases have *decided* that—

Brant's is the Cheapest,

because *One Bottle* of it has *more* medical curative matter in it and in consequence, cures *more disease* in much *less time* than *one bottle* of any other medicine

If then *ONE Bottle* of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle of sarsaparilla* BRANT'S PURIFIER would be as *cheap at four dollars* a Bottle, as *sarsaparilla at one dollar*. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle, and as a bottle of it has cured, and is *capable* of curing *four times* as much disease as *one bottle of sarsaparilla*, therefore sarsaparilla, in consequence of its *less* power and *less* medical efficacy, should be sold at *no more* than *Twenty Five Cents* per bottle, to be as *cheap* as the PURIFIER at *One Dollar*

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *One Dollar's worth* of *Brant's PURIFIER* cure? Read the following statement, which is a specimen of its power

CANCEROUS SCROFULA!

This is the case of a *Dying man* who *yet lives*. He was *cured* of a worse case of Scrofula by only *Twelve Bottles* of Brant's Purifier than ever was cured by the use of *Twelve Gallons* of the *best sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a revoltingly hopeless case

Mr J B HASKIN of *Rome, Oneida Co N Y*, had *Scrofula four years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used *all* of the *best sarsaparillas* to no good effect—got *worse and worse*, and was considered to be in a *Dying State*, and could not live *twenty four hours* longer, when he commenced using BRANT'S PURIFIER. His *neck was eaten nearly off* from *ear to ear*—a *hole* was eaten through his *windpipe* under his chin, so that he breathed through the hole—his *ear* was so eaten around that it could be *lifted* up out of its place, it only holding by a *small* piece—the use of *one arm* was *destroyed* by two Ulcers—an *Ulcer* under the arm as large as a man's *hand* had nearly *eaten* through his side *into his body*. He was afflicted with *Twenty* such *putrid* eating *offensive Ulcers* on various parts of his person. For further and full particulars, see our *Pamphlets*

Doct THOMAS WILLIAMS one of the most skilful physicians of Rome was called to see him the *day before* he commenced using *Brant's Purifier*. Doct W examined him and then told him that *all* the *medicines* in the *world* could *not cure* him—that his case was [illegible]

Worse than Hopeless!

Now hear Mr HASKIN'S statement of cure. He said My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*—THAT BOTTLE enabled me to *get off my bed*—the SECOND bottle enabled me to *get out of the house*—the THIRD enabled me to *walk two miles* and when I had finished using *Nine Bottles* SEVENTEEN out of *Twenty Ulcers* had HEALED UP and *three bottles* more effected a perfect cure and I restored me to *good health*

FOURTEEN WITNESSES!

The above facts are certified to by DOCTOR T WILLIAMS, Mr G R BROWN of *Rome Hotel*, Messrs BISSELL & LEONARD Druggists and ELEVEN other *respectable witnesses*.

CANCERS CURED.

Mr O B KINNEY, merchant, *Clinton Oneida county*, N Y, informed us that a cancer doctor in said county was effecting wonderful cures of *CANCERS* through the efficacy of BRANT'S PURIFYING EXTRACT. *A cancer doctor* in Greene county N Y, is also using said PURIFIER. Mr A B SETTLE, druggist at Canajoharie, Montgomery county, N Y, has informed us of an important *cure* of a CANCER of long standing which was effected on an aged lady of that place. If, therefore this PURIFIER *cures Cancer* by its purifying, healing power, what impure disease of the blood can it not cure? Seven years' experience and triumph says there are none but what it will cure

FEVER-SORE CURED.

The Rev RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county N Y, wrote to us "I have just received a letter from Mr CHAUNCEY DUNNING, relative to the cure of his Fever sore. You may depend on what it states, for he is a Christian man and an elder in the church. Some years since he had to have one of his legs *cut off*, to save his life, in consequence of a Fever sore. The other leg being now affected and about to be amputated, recommended BRANT'S MEDICINE. Read the result. He says '*I have used only* THREE BOTTLES of BRANT'S MEDICINE *I placed* ALL HOPE, *from your recommendation, in that Medicine*, and I can now say that, with the blessing of God, *it has effected a cure of my leg*.'" See Pamphlets for full particulars

LIVER-COMPLAINT!

DR NATHAN HUBBARD of *Stamford, Conn*, one of the oldest and most respectable physicians, was afflicted with *Liver Complaint* many years, and was *perfectly cured by using* BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured

FEMALE WEAKNESSES & COMPLAINTS,

No remedy offered to the public has ever been *half as certain and effectual in restoring* ALL the incidental *weaknesses* and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess*, or other *weakness*—it REGULATES ALL, by *strengthening* the SYSTEM, *equalizing* the CIRCULATION, and *soothing* and *allaying* NERVOUS IRRITABILITY. ☞ See pamphlets

IN CHANGE OF LIFE,

from the *girl* to the *woman*, and the *woman at middle age*—the one case is *accelerated*, and the other so *gradually suppressed*, as to prevent any of the *fatal diseases* that frequently arise in consequence of such change

Dyspepsia—Sour Stomach!

ATTICA, Genesee Co, *February* 1, 1848

"M T WALLACE & CO —*Gentlemen* I was, for more than a year afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *eased and relieved the usual pain after eating*. I therefore used a second bottle which has completely cured the disease. I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour

"Yours respectfully, T S WILCOX "

Mr Wilcox is a respectable merchant of Attica

NURSING SORE MOUTH, LUCORRHŒA, &c.

"BYRON, GENESEE CO, N Y, *Oct* 10 1847

"Messrs M T WALLACE & CO. Some time last winter my wife became so debilitated from the effects of *Leucorrhea* and *Nursing Sore Mouth*, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill* was exhausted in useless efforts. She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty-five pounds, but by the time she had taken *four bottles*, she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks

"Yours truly, C B GALENTINE"

The reader will observe that Mr GALENTINE says "*our* SKILL." He, we are informed by Z. S TERRY, Esq, of the same place, has studied medicine

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect and thorough eradicator of all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system*, and it restores the *blood, muscles*, and *all the parts diseased*, to their original HEALTHY STATE

GENERAL DEBILITY OF THE SYSTEM!

Mr, A HOLTSTANDER, merchant, *Oberlin, Lorrain Co, Ohio*, wrote, December 19 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough said "I have personally used *BRANT'S PURIFYING EXTRACT* for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE *and* INVIGORATE THE SYSTEM that I have ever used. In *every instance* where we have sold BRANT'S MEDICINES *they have proved their efficacy, and given the* BEST SATISFACTION"

SALT RHEUM,

and all impure *chronic diseases of the* BLOOD, are always cured by *BRANT'S EXTRACT.*

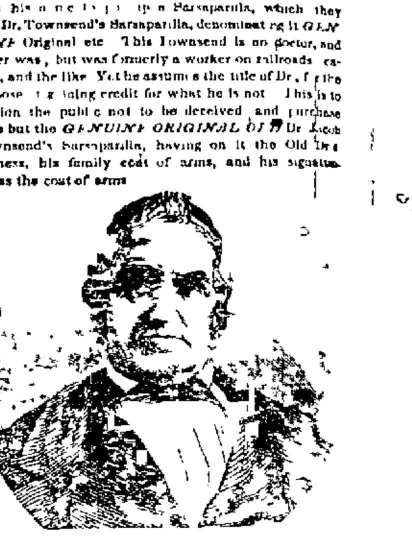
CAUTION EXTRA.

A man by the name of CLAPP has engaged with a young man of the name of S P Townsend and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it GENUINE Original etc. This Townsend is no doctor, and never was, but was formerly a worker on railroads canals, and the like. Yet he assumes the title of Dr, for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived and purchase none but the *GENUINE ORIGINAL OLD* Dr Jacob Townsend's Sarsaparilla, having on it the Old Dr's likeness, his family coat of arms, and his signature across the coat of arms



Principal Office 102 Nassau st, New York

OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOVERER of the *GENUINE ORIGINAL "TOWNSEND SARSAPARILLA."* Being poor he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth and known its value. It had reached the ears of many nevertheless, as those persons who had been healed of sore diseases, and saved from death proclaimed its excellence and wonderful

HEALING POWER

Knowing *many years ago* that he had, by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice when its inestimable virtues would be known and appreciated. This time has come the means are supplied this

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of degeneration or deterioration

Unlike young S. P. Townsend's it improves with age and never changes but for the better because it is prepared on scientific principles by a scientific man. The highest knowledge of chemistry, and the latest discoveries of the art have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root it is well known to medical men contains many medicinal properties and some properties which are inert or useless, and others which if retained in preparing it for use, produce fermentation and acid which is injurious to the system. Some of the properties of Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process*, known only to those experienced in its manufacture. Moreover these volatile principles which fly off in vapor or as an exhalation under heat are the very essential medical properties of the root which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid which is more from the coloring matter in the root than from anything else—they can then strain this insipid or vapid liquid sweeten with sour molasses and then call it "SARSAPARILLA EXTRACT or SYRUP." But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation is extracted and rejected then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of *CONSUMPTION, DYSPEPSIA and LIVER COMPLAINT*, and in *RHEUMATISM, SCROFULA, PILES, COSTIVENESS, CUTANEOUS ERUPTIONS, PIMPLES, BLOTCHES* and all affections arising from

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from *Indigestion*, from *Acidity of the Stomach*, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in *Colds* and *Coughs*, and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS

It works wonders in cases of *Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed or Painful Menses, Irregularity* of the menstrual periods, and the like, and is as effectual in curing all the forms of *Kidney Diseases*

By removing obstructions and regulating the general system it gives tone and strength to the whole body, and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation, Neuralgia, St Vitus Dance, Swooning, Epileptic Fits, Convulsions* &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; relaxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The medicine you pre-eminently need!

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS,

while the other DOES: *souring, fermenting and blowing the bottles* containing it into fragments; the sour acid liquid exploding and damaging other goods. Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid*. What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence, heartburn, palpitation of the heart, liver complaint, diarrhœa, dysentery, colic and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores and all ulcerations internal and external? It is nothing under heaven but an acid substance which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and infinitely *worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND

We wish it understood because it is the *absolute truth* that S. P. Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are *heaven wide apart* and *infinitely dissimilar*; that they are unlike in every particular, having not one single thing in common

As S. P. Townsend is no doctor and never was, is no chemist no pharmaceutist—knows no more of medicine or disease than any other common unscientific unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system and how to adapt remedies to these diseases

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach and to the knowledge of all who need it, that they may learn and know by joyful experience its

Transcendent Power to Heal

CONSUMPTION CURED!

DR ROGERS' SYRUP OF LIVERWORT & TAR

AND

CANCHALAGUA;

FOR THE COMPLETE CURE OF

Coughs, Colds Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to b above. A remedy for the *complete cure* of all the affections of the Throat and Lungs which, if ne lected, always end in CONSUMPTION. It is not worthless, *catch penny article*, made just *to sel* like many of the common nostrums of the day, b it is a strictly *scientific Preparation*—the origin recipe having been furnished by an eminent Ph sician, (the late Prof Rogers) and that sti fu ther improved by one of the present proprieto who is himself a *regularly educated Physician* graduate of the University of Pennsylvania. It composed of the choicest articles in the vegetab kingdom, most of them of long tried value and e tablished reputation and some of them *entirely ne* particularly the CANCHALAGUA, a plant of m *wonderful* medicinal virtues, lately introduced in this country from California. The Recipe has be shown to thousands of Physicians who have un versally approved of it, and will be shown to a Physician who desires to see it upon application either to the Proprietors or their Agents. It h been used in *multitudes of cases* and is strongly re ommended by *Physicians*, even *Professors* in o Medical Colleges, Ministers of the Gospel, Judge Lawyers Merchants, Mechanics &c &c and ecl sive proof that there is no *quackery* or *decepti* about it, but that it is a medicine of most unco mon virtue and efficacy

PAMPHLETS.

As no ordinary sized advertisement can be in do justice to the merits of this article, the Propr tors have embodied in a pamphlet form the *hist* of this Medicine—the *description nature* &c its principal ingredients—the *effect* they are i ed to have upon the human system—in short the *incalculable amount of good* which it has d They design to circulate this pamphlet extensiv ly, but should any one be overlooked, they earnestly desired to call upon the *Agent* nam below, and procure one *gratis*. The *hints* on p 7th may be worth to yourself or family THO SANDS OF DOLLARS and it will introduce to a mass of testimony in its favor, which is p fectly irresistible

Such being our confidence in its virtues we willing to *warrant* the Medicine in *every case* (if used according to the Directions) [illegible] person is not satisfied that he is not deriving fit from it, by returning the bottle within a time,

THE MONEY
